Thelma Hulbert Gallery (THG) would like to invite you to the Private View of Beyond the Lens - Roger Mayne photography exhibition

Private View Saturday 11 March 5pm - 7pm

The exhibition continues until Saturday 22 April 2017

An exhibition of rarely seen, large-scale photographs by one of Britain's most outstanding photographers Roger Mayne.

Roger Mayne (1929 - 2014) famously documented the children and young residents of Southam Street in West London in the 1950s and 60s. These photographs lead to him becoming one of Britain's most important post-war photographers. His work has been exhibited widely including at both the V&A and National Portrait Gallery, London.

The photographs on display at THG are taken by Mayne from the 1950s to the 1970s and were hung in a barn at Mayne's home in Lyme Regis, Dorset. From London street scenes to exotic landscapes, they are crudely mounted photographs shown in their fragile state.

Alongside this work a selection of Mayne's photographs for the Shell Guide to Devon, published in 1975 (written by his wife the playwright Ann Jellicoe).

Accompanying this exhibition there is a new book produced by Mayne's friend David Hibberd and fellow artist Roger Polley.

Friday 24 March 6pm - 8pm, 20th Century Photography Talk. With internationally renowned photographer and pinhole camera expert Justin Quinnell. £10 per adult (£8 THG Friends) Booking essential.
